Principal & Dean
Government Medical College
Jammu

Introduction:

Government Medical College, Jammu, a premier institute of J&K (Union Territory) was started in the year, 1973 with the object to provide quality education and deliver the health care service to the people of this region. This institution is located in the heart of Temple City Jammu. This institution was started with the aim to training fifty medical students for MBBS course per year and to serve as referral hospital for Jammu Province. But now the seating capacity has been increased up to 120 students per year, Besides MBBS course the college also imparts Post-graduate training Course.

At present the Govt. Medical College & Associated Hospital, Jammu. There are 800 doctors including faculty and residents, 1000 Paramedical Staff including supervisory staff, 1500 Class-III & IV employees working in the college and its associated hospitals.

Objective:

Objective of digitalization and adoption of advance Medical E-resources is to set the standards of medical education and continuous professional development opportunities for healthcare professionals and offer the medical students of the institution an exceptional educational experience to create safe and competent future doctors specialized in their respective field. Advance Medical E-resources will be provided to Clinicians, Students and Research Scholars of the Institution through electronic media.

Access to advance information will be given 24X7, 365 days to multiple-users through static I P address and users can access resources from library or from their Department or any time anywhere. User ID's will be given so that user will have freedom to access information any time and from anywhere.

EOI No.: GMC Jammu / 2021-2022 / EO1 Dated _____ : Expression of interest (EOI) for enhancing the efficiency of current academic medical libraries through digitalization and adoption of advance medical e-resources, to facilitate Clinicians, Students and Research scholars in gathering knowledge in their respective field.
